R-Biopharm AG validates new smartphones every 6 months to include the most recent and widespread models. The latest list of validated Android smartphones is always on our website at <https://food.r-biopharm.com/products/rida-smart-app-mycotoxin/>.

The list of validated android smartphones is outdated very fast due to technology advances; therefore, smartphone models are often only available on the market for 12 months. Please note, that some smartphones are not available worldwide.
